

2017 IEEE Industry Forum I

Robotics and AI: Technology Trends and Its Industrial Applications

Date: December 11, 2017 8:50-12:30

Venue: Howard Hall, B2, Howard Plaza Hotel Taipei

Chair: Prof. Ren C. Luo, National Taiwan University, Taiwan

Time	Keynote Speaker/ Subject
0850-0900	Prof. Ren C. Luo CTO, FFG-Fair Friend Group Editor-in Chief, IEEE Transactions on Industrial Electronics National Taiwan University “Welcome and Introduction”
0900-0945	Keynote Speaker: Prof. Satoshi Tadokoro President, IEEE Robotics and Automation Society Tohoku University, Japan “ Disaster Robotics and Industrial Applications”
0945-1030	Keynote Speaker: Prof. Hajime Asama President Elect, International Federation of Automatic Control (IFAC); University of Tokyo, Japan “ Societal Dissemination of Robot Technology for Disaster Prevention and Response”
1030-1045	<i>Coffee/Tea Break</i>
1045-1130	Keynote Speaker: Dr. Galane Chen General Manger of R-Subgroup, CTO and Chief Investment Officer, Foxconn “ Technology Trends and Applications of Robotics and AI ”
1130-1230 Panel Discussion	Chair: Dr.-Ing. Ren C. Luo Panelists: Dr. Galane Chen Prof. Dr.-Ing. Torsten Kroeger Prof. Satoshi Tadokoro Prof. Hajime Asama
